I am interested in participating in your program to remediate housing with lead hazards, using funding from the Department of Housing and Urban Development. I either know or suspect that my property has lead-base paint. I own the following property and would like to submit for consideration:

Location (city of Elkhart, outside Nappanee)

I understand that once you receive the grant monies from HUD, you will contact me so that we can enter into a formal agreement regarding lead-based paint remediation activities for my property. I also understand that once I enter into this agreement I will be required to pay 25% of the cost of the remediation work completed on the property.
